Fresh dinosaur bones.

Now there is a real controversy on whether it is a heart or not.

How could anything survive a change from a 3 chambered to a 4 chambered heart?

Why are there so few human fossils found?

Book - Bones of Contention

There have been 4000 human remains found.

Trillions of fish fossils are found and billions of plants and animals.

At the time of creation when God created the world it was full of fish, plants, and animals and only 2 people.

2000 years later at the flood it was even more full of fish, plants, and animals but still not that many people.

There could have been as many as 1/2 billion people pre-flood but there is no way to know for sure.

People may have had huge families - 200 children.

The purpose of the flood was to destroy man.

Genesis 6:7

[7] And the LORD said, I will destroy man whom I have created from the face of the earth; both man, and beast, and the creeping thing, and the fowls of the air; for it repenteth me that I have made them.

Genesis 6:4

[4] There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.

On the earth in those days people grew taller than today.

Since the people digging for bones have a preconceived notion that man was smaller and are getting bigger and smarter if they find a leg bone from a 12' tall person they would not think it was human.

Giant bones have been found.

The government of Turkey claims they have found Noah's grave and Noah is 12' tall.

1. Less people were on the earth to be killed.

2. People were smarter so they would be the last to die and would wind up on the surface and rot instead of be buried.

Millions of buffalo were killed on the planes to try to starve out the Indians.

How many of them were fossilized?

None of them - they all roted.

Fossils have to be buried to fossilize.

Most fossils formed in the flood of Noah.

3. If humans were bigger they would probably not be recognized as human due to the finders preconceived ideas.

Where did the pitch from? Isn't pitch made from oil?

Pitch is a thick tenacious substance made from pine trees.

There was an entire industry making pitch long before the first oil well.

1828 in Pennsylvania the first commercial oil well was drilled.

They had wooden ships long before that.

Today you can boil pine tree sap and make all sorts of products.

Websters 1928 dictionary defined pitch as resin of pine or turpentine used in caulking of ships and paying the bottom and sides.

Was ancient man primitive?

CSE-104 Class 8

Book - Puzzle of Ancient man

In Columbia South America they found a plane in a 1000 year old grave.

Smithsonian called it a stylized insect.

Airplane found in 2100 year old Egyptian tomb.

There are 20,000 ton stones stacked in place.

Today the largest cranes can only lift 3,000 tons.

Iron pot and bell are found in coal.

Ship that sunk in 100BC had a analog computer onboard.

Iraq a ancient battery was found.

Brain surgery marks found on skulls and some that have healed over proving they lived.

Metalic spheres found with 3 lines going around the equator.

Found in 2.8 billion year old layer in south Africa.

Hundreds of these spheres have been found in the bottom of a mine.

Book - Hidden History of the Human Race

Written by Michael Cremo (Hindu)

He believes in evolution so when something is found in 2.8 billion year old rock he believes it was put there 2.5 billion years ago possibly by aliens.

Coso artifact found in 1961 in California.

4300 ft above sea level

340 ft above dry Owens lake.

Porcelain with wire running through the center.

Thought to be 1000 years old

Very similar to a super conductor capacitor.

Nano-technology spiral shaped objects found in Russia by rivers and streams near Moscow.

3-12 meters under water level.

Range in size from 0.003mm (1/10,000th of an inch) to 1.5 inches

Spiral is in the golden ratio.

Made of copper or tungsten and molybdenum.

Melting point from 4740 F to 6100 F.

How did they make these?

Pre-flood not only smarter but better eye sight.

Great pyramid

67 pyramids and 66 are copies of the great pyramid.

All the rest have hieroglyphics saying who built the pyramid except the great pyramid.

May be an Egyptian building or an alter to God.

Isaiah 19:19

[19] In that day shall there be an altar to the LORD in the midst of the land of Egypt, and a pillar at the border thereof to the LORD.

Largest building in the world by volume.

Take the next 99 largest volume buildings in the world and they together would not be the same volume.

Pyramid 480 feet tall.

Some of the stones are 70 tons.

CSE-104 Class 8

How do you get 70 ton stones 400 feet off the ground?

Door not discovered until 800AD

Oldest Egyptian records say they do not know where it came from.

Stones so perfectly cut that a piece of paper could not be fit inbetween.

There are two paths - narrow way to the kings chamber and broad way to the pit.

Was covered in 144,000 casing stones. (interesting number)

Revelation - 144,000 Jews saved.

Chief corner stone never put in place.

Some say Adam made it, some Noah or Enoch.

Kings chamber has an empty tomb with same volume as the ark of the covenant.

Jesus Christ is the chief corner stone.

5 sides is same number as grace.

Corner stone is useless until it is needed - can't put anything on it or use it as a table.

Daniel 2:34

[34] Thou sawest till that a stone was cut out without hands, which smote the image upon his feet that were of iron and clay, and brake them to pieces. Occult symbol on the \$1 bill.

Desert behind the pyramid and green plants in front symbol of how they are going to make the wasteland better.

Right eye at top - symbol of Lucifer

Was Earth ever a molten mass?

Bible says earth created under water.

Robert Gentry - polonium halos

Found in granite all over the world.

Polonium atoms decay and explode creating miniature spheres.

If the rock was molten then the sphere would dissipate in the liquid rock.

Global Warming

Most people worried about global warming live near beach.

Ice caps melt and the water rises.

Environmental movement front for communists to take away your liberty's.

Green river formation

Strata of rock with millions of thin layers.

Stone contains layers of pollen only produced in the spring and pollen only produced in the fall.

Millions of layers of spring - fall - spring - fall means millions of years.

Take a chunk of several layers and crush it up and put it in water.

It will form layers again.

Mars Rock.

Life here came from Mars.

Mars lander ran many tests and did not find even a trace of a germ.

Rock ALH001,0

Looked at it under a microscope and saw squiggly line.

Mars is .5 AU away.

Something large enough to hit mars and send a chunk to the earth would have created so much heat on impact it would have destroyed any sign of life.

Wouldn't re-entry to earth have destroyed any sign of life?

CSE-104 Class 8

Couldn't sitting in Antarctica for thousands of years contaminated the sample?

There is no proof it was from Mars.

46 Million miles away

Claim it broke off 16 million years ago and landed 13,000 years ago.

How did the bacteria survive the explosion, freezing space, and re-entry?

What did they eat for thousands of years?

While this was going on NASA grant money was stalled in congress.

Congress was not going to approve vote to spend millions for NASA.

They had the rock in storage for 7 years previous and pulled it out and said it was from Mars to get the funding.

Once the money was released they admitted to making a mistake and that it was not life but pyroxene and carbonate crystals that form naturally.

Bible says Eve is the mother of all living

Theistic evolution - maybe God used evolution

Hugh Ross says he is not a Theistic Evolutionist but he believes many of the same things they do.

Could God have used evolution?

Not the God of the bible.

It is against the teaching in the bible.

Jacque Monod - Survival of the fittest is cruel and evil. It is a blind and most cruel way of selecting new species and is against modern ethics. I am surprised that a Christian would believe in this process. An ideal society is a non-selective one.

The God of evolution is not the protestant waste not want not God of the bible. He is also not a loving God that cares about his work. Certainly not a God that anyone would want to prey to.

Genesis 2 - God ended his work of creating.

It is not an ongoing process.

Death before sin.

1 Corinthians 15:21-22

[21] For since by man came death, by man came also the resurrection of the dead. [22] For as in Adam all die, even so in Christ shall all be made alive.

God made Adam in his image from the dust of the ground and made Eve from Adam's rib.

God of evolution is stupid and not a real God because he can not do it right the first time.

Evolution nullifies the need for Christ since Christ was redeeming us from our sins.

There is no evidence anyway.

Why compromise a perfectly good Bible when it has never been proven wrong.

Has the pope ever accepted evolution?

Yes, but I wouldn't believe any pope.

Pope John Paul III sold cyanide to the Germans during WWII and after the war feared for his life so he hid as a priest.

Are there contradictions in the bible?

It depends on what bible you use.

There are none in the KJV.

CSE-104 Class 8

Genesis 1 Genesis 2
Birds on Day 5 Birds on day 6
Birds from water Birds from dirt
Animals before man Animals after man

Genesis 1 is the account of the entire creation. Genesis 2 is a description of what happened in the Garden of Eden after Adam was made.

Day 6 God made Adam, trees, one of each animal, and women.
God did it all in front of Adam so he would know God was the creator and so he could choose a wife.

Eve was the only one that did not see God create anything so Satan came to her.

1 Timothy 2:14

[14] And Adam was not deceived, but the woman being deceived was in the transgression.
Adam was not tricked but became sin to save Eve.

Solomons brass bowl.

5 cubits high, 30 cubits circumference, 10 cubits diameter.

Math is wrong - should be 31.4 cubit circumference.

Thickness was a handbreadth

Hand to cubit ratio is .14.

Inside circumference was 30 cubits outside diameter was 10 cubits math works.

2 Chronicles 9 and 1 Kings 4

How many horses did Solomon have?

forty thousand stalls of horses for his chariots

four thousand stalls for horses and chariots

40,000 horses - 4,000 stalls

Two authors telling the same story.

10 horses per chariot

Horses get shot as much as people.

2 Samuel 10

the men of seven hundred chariots

1 Chronicles 19

seven thousand men which fought in chariots

There were 10 men per chariot

Many new versions have messed it up by trying to fix it.

NIV 4000 stalls 12000 horses

NAS - Correct

NRSV - Wrong

Peter Ruckman - The "Errors" in the King James Bible.

He defends 500 supposed contradictions in the KJV bible.

Leviticus - Rabbits do not eat cud.

Rabbits eat their food, partially digest it then after they pass it they eat it again.

Acts 12:4 - Easter

Shouldn't it be passover?

CSE-104 Class 8

Exodus 12 - This month should be the first month of the year for you. The 10th day (April 10) take a lamb, keep it till the 14th day (April 14) and kill it and put blood on top and sides of doorway.

First passover was at night.

Lord's Passover 14th of April.

This day should be a memorial for you and a feast.

Seven days should you eat unleavened bread.

Numbers 28:16-17

[16] And in the fourteenth day of the first month is the passover of the LORD. [17] And in the fifteenth day of this month is the feast: seven days shall unleavened bread be eaten.

Passover first, then days of unleavened bread.

Ishtar - (Easter) pagan festival symbolized spring, rebirth, bunnies, playboy, fertility.

Peter was arrested during days of unleavened bread.

After passover Herod wanted to kill him at easter

Genesis 10 - God divided language

Genesis 11 - world of one language

Like a newspaper headline - Bus crash kills 40 - The bus was driving down the road....

Genesis 10 tells the main point and Genesis 11 elaborates on it.

1 Corinthians 23000 die in one day

Numbers 25 24000 died

1000 died on a different day

Textus Receptus

Alexandrian Manuscripts

People would copy the bible off of scrolls.

Someone would copy it every day for several years and when the original was worn out they would discard it and keep copying off a copy.

God told the profits what to write and after a few hundred years there were hundreds of copies.

Copies would get spread around world and they would have no contact between the two copies.

200-300 AD Alexandria Egypt claimed to be Christian but were a cult and did not believe in the deity of Christ.

They made their own copy of the scrolls and made slight changes.

Where it said 'Lord Jesus Christ' theirs say 'Jesus Christ'

The church go a copy and said it was no good.

The cult dissolved and the church went on using the good copies.

In 1400 there were 5000 copies that were all the same and they make the KJV bible from them.

Westcott and Hort used Alexandrian Manuscripts because they were older than the rest (correct) so they must be better (WRONG).
