

CSE-104 Class 9

Let there be light.

Hebrew

or - light

ma'or - light source

High frequency sound can create light in water - God's voice.

24 hour day is one spin of the earth.

If sun was gone we would still have a 24 hour day.

Since God is light he can make light without a source.

God is the source of life not the sun.

Mr. Flat and Mrs. Flat.

Two pieces of paper on a table.

They live in a two dimensional world

He only sees 1 dimension and perceives the second dimension.

We see width and height and perceive depth.

So how do I reveal my 3 dimensional self to Mr and Mrs Flat?

Put 1 finger through the table by Mr Flat and he sees a circle.

Put 3 fingers through the table by Mrs Flat and she sees three circles.

They have an argument weather I am one circle or two circles but both are right yet both are completely wrong.

Ephesians 3:18-19

[18] May be able to comprehend with all saints what is the breadth, and length, and depth, and height;

[19] And to know the love of Christ, which passeth knowledge, that ye might be filled with all the fulness of God.

God has 4 dimensions.

Understanding that passes knowledge - Think about that too long it will make your head hurt.

I am outside of their world but can be closer to them than they can be to each other. (Put your hand on top of paper)

Where do the races come from?

No question that there are different skin colors but there is only one race.

4 theories

Adam was medium brown.

1. Adam had all 4 races in the first generation. That is possible and happens today.

2. Dark skin is the mark of Cain. - wicked theory

Mormon doctrine

Negro's should be excluded form Mormonism until they found out they could play basketball for Brigham Young University.

"Negroes in this life are denied the Priesthood; under no circumstances can they hold this delegation of authority from the Almighty. (Abra. 1:20-27.)

Negro's are not equal with other races, It is the lords doing because of the lack of spiritual values in their first estate.

Mormons believe Adam went to heaven and became God of this world. If you are a good Mormon you will go to heaven and become God of your own world. Adam is in heaven now having sex with his many wives and they produce spirit babies. If it is a good spirit baby it gets sent to Earth with a light skinned body, if it is a bad spirit baby it gets a dark skin body.

Book - Hidden history of the Mormon

CSE-104 Class 9

Curse of Cain being skin color is un-scriptural.

Problem with it is that Noah's family would have eliminated the entire population of dark skin.

3. Curse of Canaan

Genesis 9:24

There may have been no alcohol before the flood.

Hyperbaric conditions may prevent juice from fermenting.

Noah used to making grape juice and letting it sit for years and had no problem pre-flood and may have gotten drunk on accident.

Can not be proven but Noah was a preacher of righteousness so giving him the benefit of the doubt is best.

Noah became drunk off his wine and was naked in his tent. Ham came in and went to his brothers and laughed then the other brothers walked in backwards and covered him. When Noah found out he said cursed be Canaan.

A servant of servants he will be.

Why did he curse Canaan?

USA is 13% black.

A survey will show a higher amount of blacks in servant positions than leadership.

Does not prove anything.

4. Tower of Babel

Nimrod wanted to make a tower to heaven.

May have designed it to be high enough to survive another flood.

May have built it in spite of Gods command.

Genesis 10:5

[5] By these were the isles of the Gentiles divided in their lands; every one after his tongue, after their families, in their nations.

Not just tongues confused but nations.

Genesis 10:32

[32] These are the families of the sons of Noah, after their generations, in their nations: and by these were the nations divided in the earth after the flood. They created the nationalities.

Japheth had 14 kids and grand kids

Ham had 31 kids

Canaan cursed

Egypt is the land of Ham

Psalms 105:27

[26] He sent Moses his servant; and Aaron whom he had chosen.

[27] They shewed his signs among them, and wonders in the land of Ham.

Psalms 106:22

[21] They forgot God their saviour, which had done great things in Egypt;

[22] Wondrous works in the land of Ham, and terrible things by the Red sea.

Japheth Europeans

Shem Orientals

Living near equator does not give you black skin anymore than loosing an arm causes your kids to

CSE-104 Class 9

loose be missing an arm at birth.

More melanin in your skin allows you to stay in the sun longer with out a problem.

Shem had 29 kids and grand kids

May have been 75 original languages at tower of babel.

Now there are probably 6000 languages.

English, German, Danish all have common structure.

Old English is now almost unreadable compared to todays English.

Words in Australia mean completely different things as they do here.

Napkin - diaper

Nurse baby - hold baby

If there was no rapid communication the languages would still change.

Spanish, French, Italian have common structure.

Acts 17:26

[26] And hath made of one blood all nations of men for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation;

All nations are one blood.

Malachi 2:10

[10] Have we not all one father? hath not one God created us? why do we deal treacherously every man against his brother, by profaning the covenant of our fathers? We have one father.

Cloning

Amoeba - One cell splits into two Asexual

They moved one chromosome from one cell to another.

1 chromosome is 6-7ft long.

There are 50 trillion cells in your body.

One persons chromosome unwound would reach from here to the moon and back 5 million times.

All your DNA would fill 2 tablespoons

1 Chromosome from each person in the world (enough information to recreate every person alive) would fit into an Aspirin.

Dolly costed \$50000 and had 277 failures.

Sheep can do this much quicker and cheaper.

Problem with Dolley was she aged faster than normal.

Chromosomes loose information on the ends of them as you get older and since they used a 4 year old sheep when Dolley was 2 years old it was more like she was 6 physically.

Would a clone have a soul?

Yes. If someone takes fertility pills and has quadruplets they all have souls.

If God created a perfect world why are there poisonous snakes?

Problems in the world do not disprove the world was perfect.

We are a copy of a copy of a copy of a copy of a copy of Adam.

Like looking at a car in a junk yard and saying it they did not know how to build a car because it is crashed.

Hyperbaric conditions neutralize poison.

Electric shock applied to the bite neutralizes snake/spider venom.

Venom is a tangled up protein so the body attacks it.

The electric shock straightens out the protein.

CSE-104 Class 9

If it has been more than 30 minutes shock the bite and 1/2 way to the heart and the back of the bite.

Hemotoxic - effects blood stream

Neruootoxic - Effects nervous system

3 arks mentioned in the bible.

Noah's, Moses (Put in reeds), Ark of Covenant

Mercy seat, 10 commandments, manna, walking stick

Jeremiah 52 - They took cups, candle sticks, bowls out of Jerusalem and into Babylon by

Nebuchadrezzar

Ezra 1 - Lists 29 knives, basins of silver and gold, etc.

No Ark of Covenant.

Wouldn't they have mentioned something that important?

Ron Wyatt found the Ark of Covenant

North side of Jerusalem he was walking with Israelite friend getting tour and he stuck out his hand and pointed at a pile of rock and garbage and his mouth said "That is Jeremiah's grotto, that is where the ark of the covenant is".

King Uzziah make sling shots that threw stones - catapult

Nebuchadrezzar built a wall outside of the range of his catapults and put Jerusalem under siege.

Between the wall of Jerusalem and Nebuchadrezzar's wall there was no mans land.

Ron figures that Jeremiah knew that they would loose and he hid the ark and some important furniture outside the city wall in a cave where no one would find it. Ron spent 8 years digging through the garbage dumb (whenever he got a chance to go over there) .

As they went down he found three squares chiseled into the rock on the side of the cliff. They came to a ledge with a square hole in it that was 2 1/2 feet deep. Hole was probably to put a cross in. The 3 squares were to put the charges of the criminals in. Further down there were 3 more square holes for crosses so they could crucify 4 people at a time with the important person on the top. They found hundreds of baseball sized rocks and further down found many fragments of finger bones.

Upon the ledge there was a 1/2 inch crack running down through the solid rock straight out of the square hole. They found may caves going everywhere that had so small of openings they had to exhale to get into them. Ron squeezed into one of the caves and it lead into a bigger chamber. He saw gold reflection with his light and found the shew bread. There was a box made out of solid rock close to the ceiling. The cover had a crack in it half way through and partly moved away. They measured the crack in the cover and the one from the square hole and they lined up. Ron thinks Jesus was crucified here and the "rocks rent". Ron thought hard about touching the ark because he knew what happened to the last person that touched it but since he was a Christian with his sins forgiven and King Uzza only had his sins covered he figured it was alright for him to touch it. So he finally opened the lid and inside were the 10 commandments but no staff or manna. Ron did not want to move it because he did not want to start WW3 with the Muslims so he reported it to the authorities. Ark had 2 angles on the cover and was covered in black dried blood that was also on the floor and ceiling coming from the crack. Ron took it and had it analyzed and it was human but had 23 chromosomes.

Uzza touched the ark and God killed him.

God's name in Jerusalem

Hebrew schen is the symbol for God.

Numbers 6:27

[27] And they shall put my name upon the children of Israel; and I will bless them.

CSE-104 Class 9

1 Kings 9:3

2 Kings 21:4

2 Kings 21:7

2 Chronicles 33:7

Jerusalem has 3 valleys that make up a schen

Bigfoot

Patterson-Gimlin video most famous

several people have claimed to see them.

7-8 ft tall and stink.

They run very fast.

Once it got moving it went 20' per step.

Have red eyes - maybe just the light reflecting.

Do not know if they are real or a fake.

Who were the Nephilim?

Genesis 6:2

[2] That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.

1. Could have been the Godly line of Seth that begun to marry the decedents of Cain.

That would not produce anything genetically odd such as giants.

2. sons of God are fallen angles

Henry Morris - Defenders Bible gives several references to other verses in scripture that support this theory.

1/3 of the angles may have left at the fall of Satan.

Legends of Zeus and other Greek gods may have come from this.

Chuck Missler book - Return of the Nephilim

The angles involved in this are already in hell because they drown in the flood and the rest of the fallen angles are still on earth.

When Jesus cast out the many devils from the man he said

Matthew 8:29

[29] And, behold, they cried out, saying, What have we to do with thee, Jesus, thou Son of God? art thou come hither to torment us before the time?

"Before our time" would indicate they too would be going to hell to be tormented.

Angles in the bible always take on the body of a man.

120 Years

Genesis 6:3

[3] And the LORD said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years.

Some have said that this means no man will live to be over 120 years old so the bible is wrong because there are documented cases of people living to 140 in China.

May mean God gave Noah a 120 year warning that the flood was coming.

The "giants" may not even be talking about the sons of God and daughters of men - it may be two different thoughts in the same sentence.

Read it carefully - it may be but it might not be.
